Dear Parent/Guardian:

This year, your child will take the following state assessments:

- PACE Assessments for mathematics, English language arts/reading/writing, and science in grades 9-10
- NH SAS for science in grade 11
- College Board School Day -SAT English language arts/reading/writing and mathematics grade 11
- Students who have the most significant cognitive disabilities are eligible to take the Dynamic Learning Maps (DLM) Assessment, as designed in their active individualized education program (IEP).

Title I, Part A of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (ESSA), Section 1111(b)(2) and New Hampshire law, RSA 193-C:6 requires each school district in the State to implement a set of high-quality academic assessments that includes, at a minimum, assessments in mathematics, reading/language arts and science to be administered in each of grades 3-8 and not less than once during grades 10-12; and in science not less than once during grades 3-5, grades 6-9, and grades 10-12. Furthermore, ESSA sections 1111(b)(2)(B) require State assessments to be the “same academic assessments used to measure the achievement of all public elementary school and secondary school students in the State,” and provide for the participation in such assessments to all students.

State assessments are an important part of a student’s core educational program. They provide an evaluation of student mastery of content and skills in various academic areas, serve as one tool for measuring the degree to which students are on track to graduate high school and be college- and career-ready, and help inform future instruction in the classroom. Along with student work on classroom assignments, projects, essays, and local assessments, state assessment results give teachers and you, the parents, important information about where students are on their path toward academic success. If you choose to exempt your student from the state assessment (permitted in RSA 193-C:6), you must submit a form to the school the student attends. Please contact the School Counseling Office at (603) 642-3600 to receive a copy of the exemption form. Please understand that if you choose to exempt your student from the assessment, no scores or summary of individual student performance, based on the statewide assessment, will be provided to you or your student.

*Sanborn **PRIDE**: **P**ersonalization, **R**isk-Taking, **I**ntegrity, **D**iscovery, and **E**mpowerment*

We are committed to sustaining a positive environment which promotes respect, academic excellence, and pride by encouraging independent thinking within a culture of collaboration.

In accordance with Title IX of the Civil Rights Act of 1964 the Sanborn Regional School District prohibits discrimination because of sex or gender, “No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal assistance.”
