**Re: STAND BY ME – Camp Lincoln, Kingston, NH – Friday, June 2nd 2023**

Dear Parents of Fifth grade students at Memorial School:

The Sanborn Regional School District and SoRock Coalition for Healthy Youth are inviting parents to spend the morning with us at Sanborn Regional High/Middle School learning risk and protective factors for navigating middle school with your child. We will discuss mental health, substance misuse prevention, the developing tween brain, and what you can do to help ensure healthy development!

Students will spend the morning at Camp Lincoln working on team building and communication skills through various group activities. After our meeting at the high school, parents will join their children at Camp Lincoln for lunch and a variety of afternoon activities such as games, rope courses and boating.

We are inviting businesses to support this effort by allowing parents time away from their employment to be with their children on this day. We feel the commitment of parents, school, and community members working together can make a difference and be a major force for helping children make healthy, responsible, drug-free choices.

Project Stand by Me will be held at Camp Lincoln in Kingston, NH on **Friday, June 2nd 2023. Pizza will be provided for lunch for both parents and students. If you or your child have food allergies please bring your own lunch.** Funding for this event is provided by Drugs Are Dangerous, Inc. (D.A.D) who created this program nearly 20 years ago.

We hope you will join us by participating with your child. We greatly appreciate your cooperation and invite you to call us if you have further questions about this project.

Sincerely,

Charlotte Scott, SoRock Coalition for Healthy Youth
