

SANBORN REGIONAL SCHOOL DISTRICT

SRSD File: IHAH

WORLD LANGUAGES PROGRAM

Statement of Purpose:

It is the policy of the School Board to provide students with opportunities to explore a broad range of academics fields. In keeping with the developmental needs of students, a world language program will be offered to students in the middle school and high school.

Statement of Policy:

Content will include basic vocabulary as well as an introduction to the culture of countries speaking the studied languages. Instruction will include speaking and listening skills with some writing skills. The world languages teacher(s) and the building principal will develop other curriculum components.

Students who demonstrate content mastery at the exploratory level may be offered the opportunity to participate in a more intensive instructional program in 8th grade with the expectation that they will continue to study the particular world language at the high school level.

As resources permit, the district will also make an effort to teach foreign language in grades kindergarten through eight.
